Additional Recommended Add-On

EMN ORTHO NUTRITION BUNDLE: \$295

A 4-Week Nutrition program. Recommended to help you recover faster and stronger

ISolution®: An ion-exchange protein isolate with elevated leucine content. Taken before and after surgery to reduce the loss of muscle and improve wound healing.

PREcovery®: A preoperative carbohydrate with rapid-emptying polysaccharides. Taken prior to surgery as an alternative to fasting to reduce surgical stress and improve patient experience.

Purchase at the DME Store or online at <https://emnortho.com/> using code: "GERLINGER"
